

PRAYER DICE

You will need:

- to print out the prayer dice on thick paper, cut around the edges and glue the tabs together. You could print one copy per child of the blank template so they can create their own.

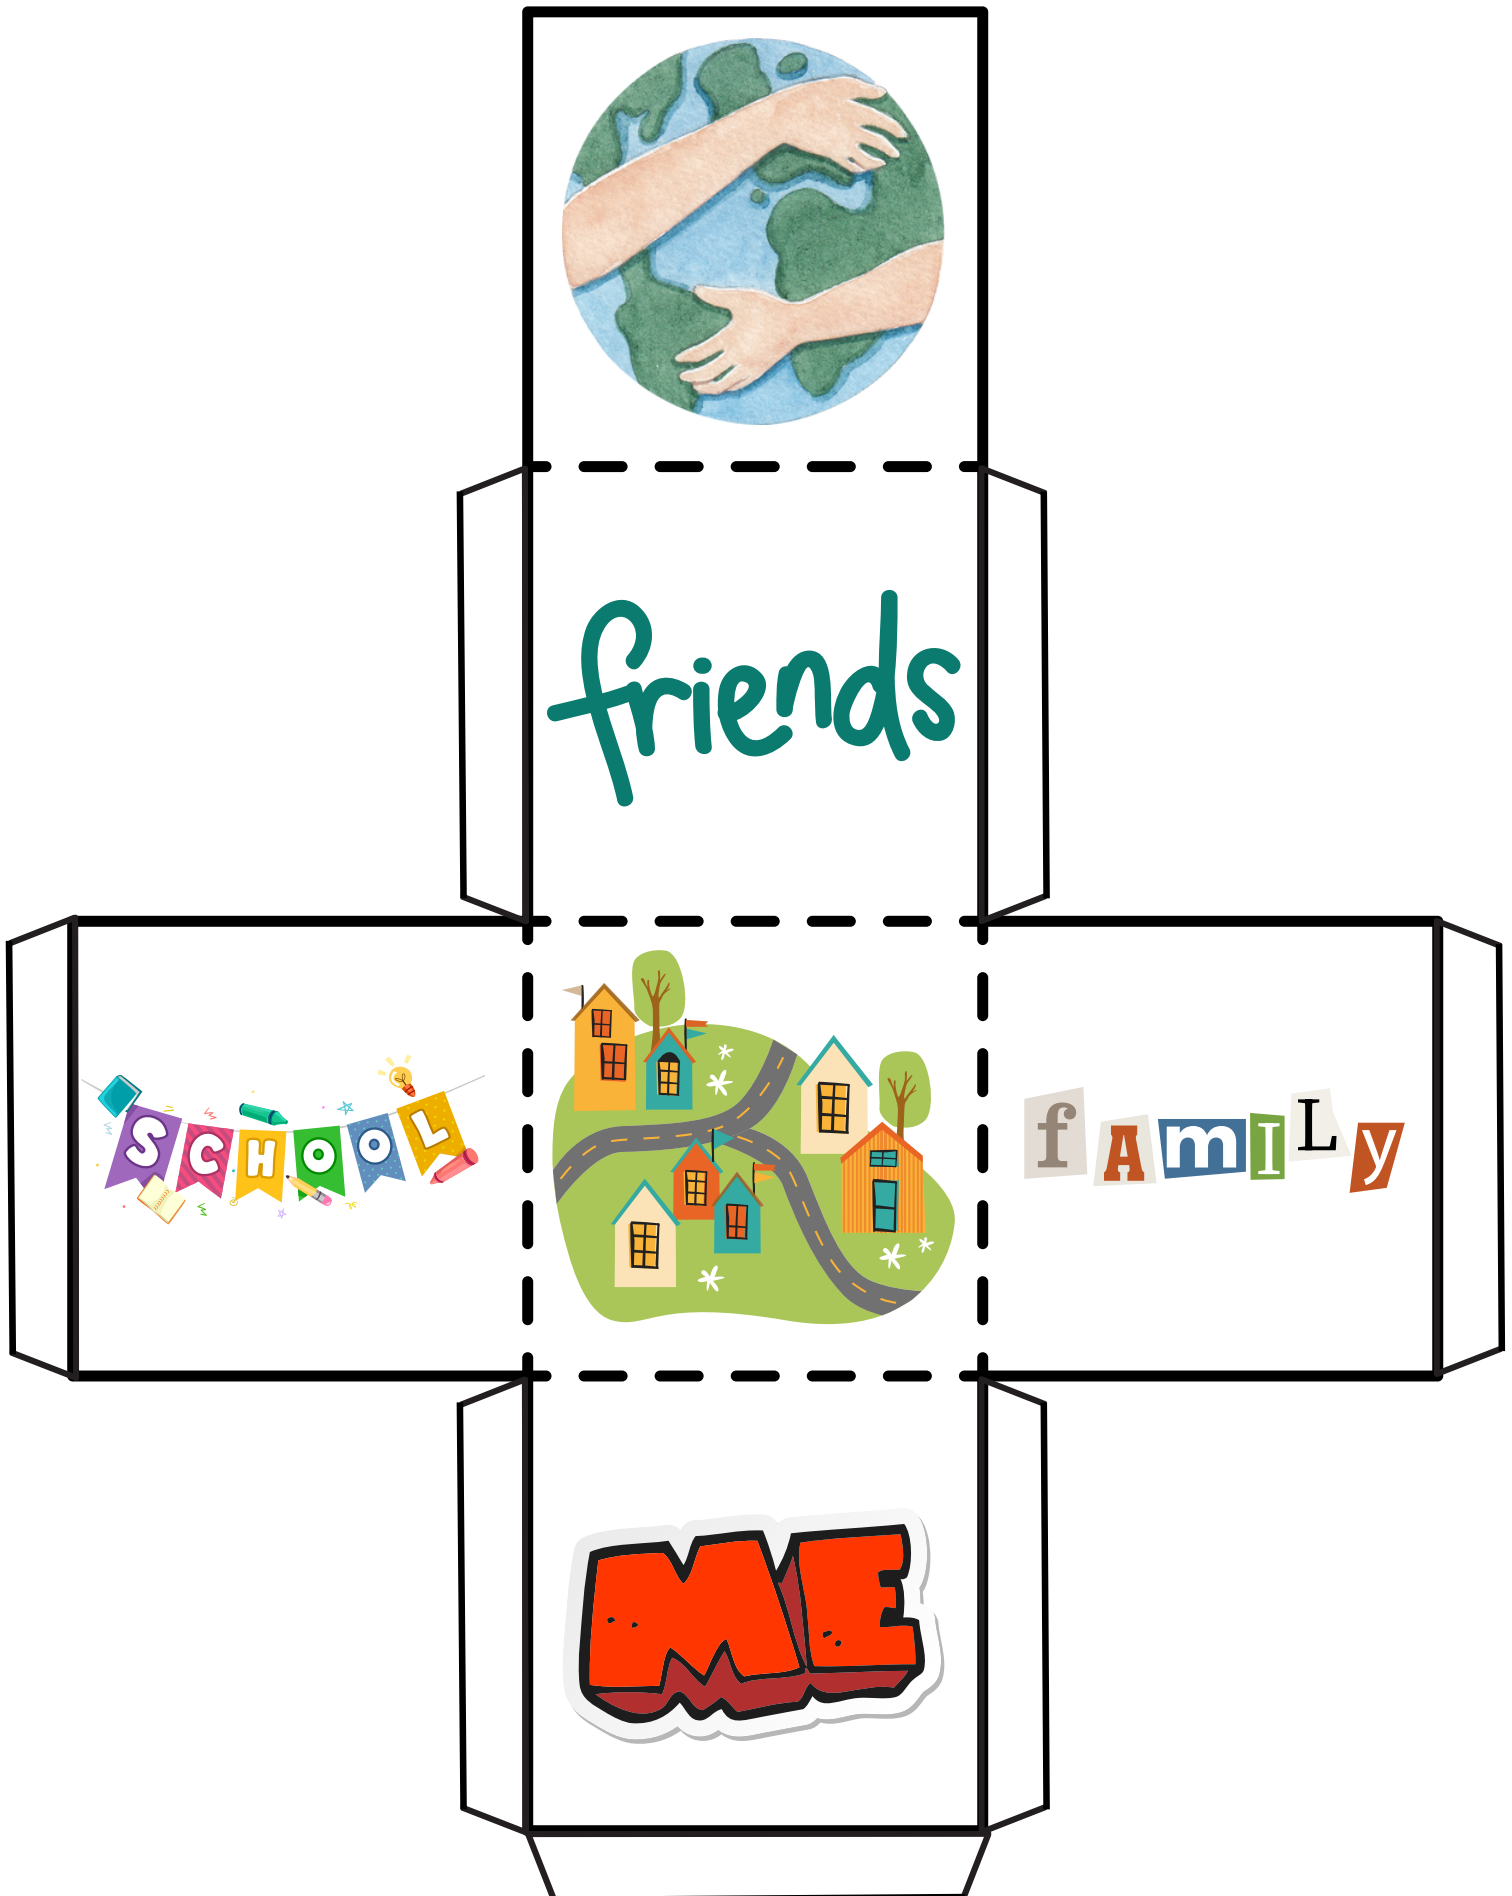

Instructions:

- Sit your small group in a circle.
- Start with the leader first to model how it works.
- Roll the dice and use the topic it lands on to pray.
- Keep your prayer short and simple to begin with.
- Pass the dice to the right.
- To make it less threatening, have the child roll the dice to decide the topic. Then discuss together a couple of suggested prayer items for that child to pray for.

PRAYER DICE PRINTABLES

Fold along the dotted lines. Apply paste to the tabs to construct.
